BAY VIEW VILLAGE

*The place where heaven and nature live together..
...where you may wish to rest...even longer.*

Koh Samui (or) Samui Island
 Situated just 28 kms from the mainland of Suratthani province, in the Gulf of Thailand, she is renowned as one of the spectacular islands in South East Asia. The island covers 248 sq. kms., naturally decorated with thousands of coconut trees, white sands and surrounded by indigo sea.

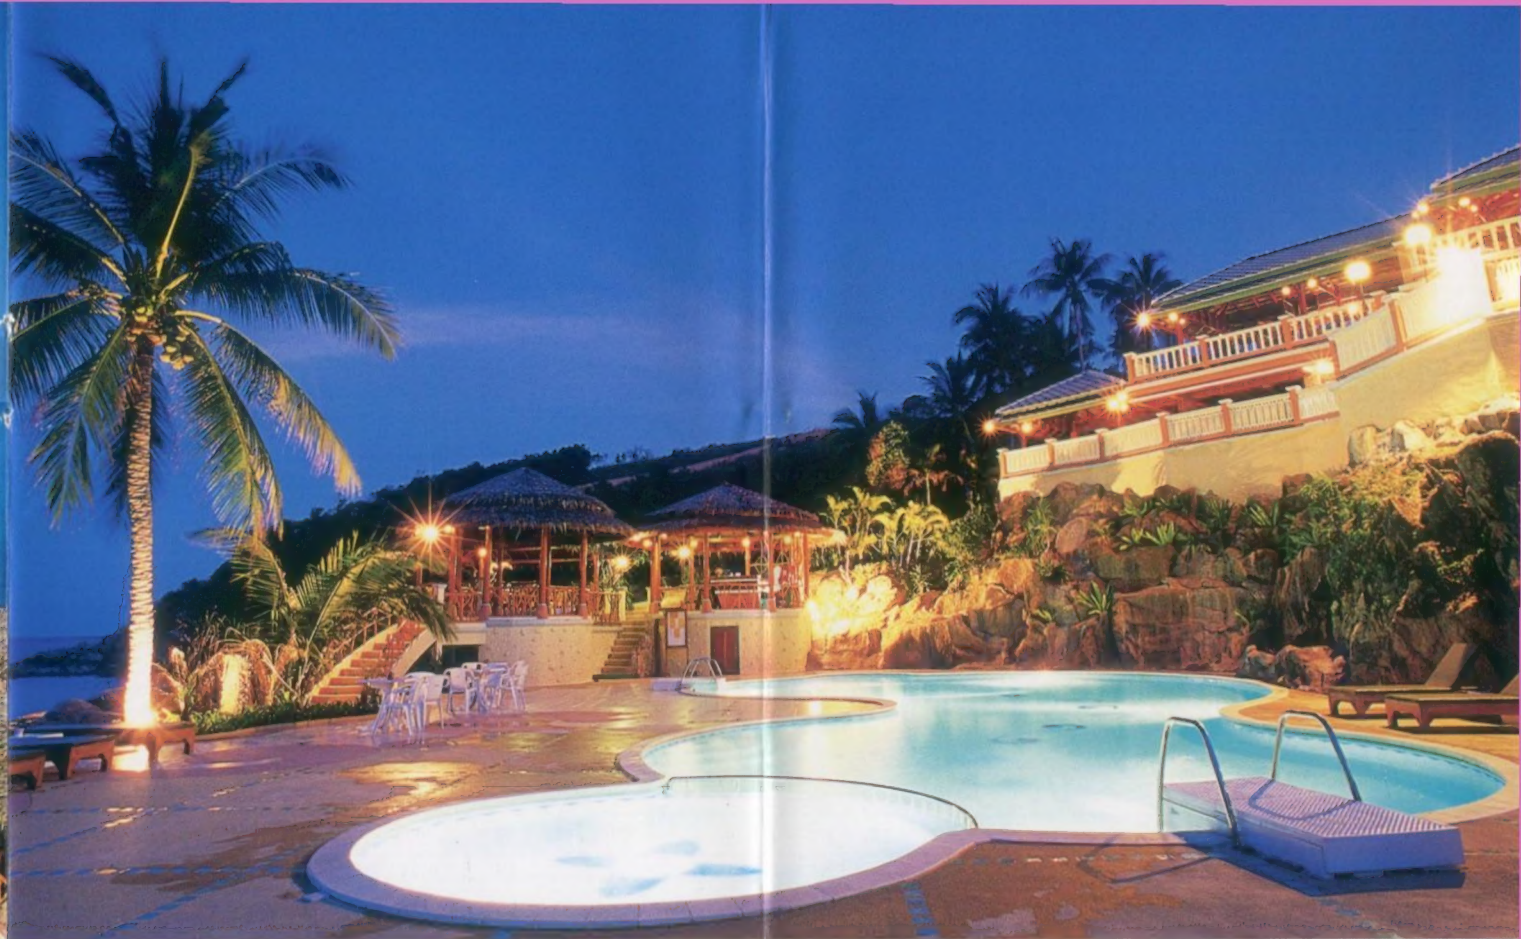

Apart from the beauty and fascination of the mother nature on Koh Samui, a number of activities during your visit could probably lengthen your stay. For instance, scuba diving, fishing, shooting, elephant trekking, canoing and visiting cultural attractions. Yet, hundreds of restaurant serving various types of menu, i.e. seafood, Thai Food, European and Asian Food are already there wherever you wish to stop by.

Travelling to Koh Samui is a breeze. Less-than-two-hour direct flights to and from Bangkok-Samui are available over 10 flights daily. An economical way can also be done as flying from Bangkok to Suratthani city and hopping on a coach to Koh Samui. An overnight travelling by train and bus are other alternatives as your destination is not the island, but the Ferry Pier from Suratthani to Koh Samui, departing all day long.

A wide-angle aerial photograph of a tropical beach resort. The foreground is dominated by a dense forest of palm trees and lush greenery. A narrow strip of white sand beach curves along the shoreline, where several small buildings and palm trees are visible. The water is a vibrant turquoise color, transitioning to a deeper blue further out. In the background, more land and distant islands are visible under a clear sky.
